Drawings

1. The Examiner accepts the drawings filed on 9/26/2003.

REASONS FOR ALLOWANCE

Claims 1-13 are allowed.

2. The following is an examiner's statement of reasons for allowance.

This invention relates generally to medical imaging. More particularly, the present invention relates to methods for matching and registering medical imaging data based on anatomical similarity.

Claim 1 representative of claim 9, the closest prior art of record (Kaufman and Vining) do not disclose or suggest, among other things " matching landmarks in first path with landmarks in second path through identifying correspondence between landmarks of first path with landmarks of said second path, and registering first path to second path through stretching or shrinking of first path to second path (based on anatomical information) until corresponding landmarks in first path and second path coincide along respective paths".

These key features in combination with the other features of the claimed invention are neither taught nor suggested by (Kaufman and Vining) prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
